New York spirit

eng

Equipe Cerámicas presents its new **Village** collection, a collection that brings the contemporary metro tiles and New York underground spirit to its projects.

This collection is born with a clear intention: to synthesize in a single collection the functionality with the design from beginning to end. With three different formats and an extensive range of colors, it allows to project spaces with a traditional flavor but looking for a timeless finish and with personality.

The formats that make up the **Village** series are two rectangular (**2½" x 5"** and **2½" x 8"**) and square (**8" x 8"**), combinable with each other. Within the 15 colors that make up the color range of **Village**, we find both soft and pastel colors and colors with a lot of character.

Equipe continues to think of its customers by offering quality products, a product with a high level of design.
