SARTORIA

SARTORIA

CERAMICHE COME TESSUTI pregiati, create per rivestire gli ambienti con eleganza, stile, personalità. Questa è l'essenza della collezione Sartoria di Petraccer's, gres porcellanato a bassissimo spessore e altissima resistenza. Effetti decorativi di raffinato gusto estetico, estrema cura nei dettagli, possibilità di progettare in piena libertà secondo estro e fantasia: la collezione Sartoria è proprio come un vestito di haute couture, unico, su misura, inconfondibile.

CERAMICS LIKE precious fabrics, created to fit rooms with elegance, style and personality. This is the essence of Petraccer's Sartoria collection, a very resistant porcelain stoneware with very thin thickness. Decorative effects of sophisticated aesthetic taste, extreme attention to detail, possibility to design in complete freedom according to inspiration and imagination: the Sartoria collection is just like a haute couture dress, unique, tailor-made, unmistakable.
