MÔTLEY conquista lo spazio con la sua raffinatezza ed un chiaro intento progettuale: raccontare la pietra nella sua elegante semplicità.

La collezione nasce dalla miscelazione delle classiche ardesie ottenute da spacco, caratterizzate da venature chiare e sfumature morbide, con pietre sedimentare dalla grana fine di fondo e passaggi cromatici più netti.

La fusione delle due nature genera un nuovo riferimento estetico, che non esiste in natura.

MOTLEY wins over any space with its sophistication and clear design intentions: to tell of the elegant simplicity of stone.

The collection comes from the mixing of classic split slates, with their clear grains and soft shading, and sedimentary stones with a fine-grained base and stronger colours.

The fusion of these two natures generates a new aesthetic reference that doesn't exist in nature.

NEW COLLECTION - MÔTLEY

Môtley è disponibile in 7 colori, che vanno dai toni chiari e caldi delle pietre mediterranee fino ad arrivare ai grigi scuri più in linea con i cromatismi delle ardesie alpine.

Un'estetica non invasiva associata ad una superficie più caratterizzante. La grafica è perfettamente amalgamata alle spaccature e le leggere stratificazioni superficiali grazie alle applicazioni materiche ultra matte.

Motley comes in 7 colours, from the pale, warm shades of Mediterranean stones up to dark greys that are more in line with the colours of Alpine slates.

An unobtrusive aesthetic associated with a more characterising surface. The graphics is fully amalgamated into the splits and light surface layering, thanks to the ultra-matt material applications.
